English fine bone china perfectionist, Royal Crown Derby, reveal an industry first with the launch of the Studio Glaze Collection.

Extending the technicalities of producing fine bone china, the new Studio Glaze Collection showcases the globally renowned brand's innovation and design techniques through the use of a reactive glaze application unseen before on such a pure, translucent material.

The stunning and contemporary Studio Glaze Collection has been created to meet consumers' aspirations for the very best luxury casual tableware, which is attainable and functional, as well as being high quality and highly desirable.

Using innovative techniques to create the Studio Glaze Collection, the origination extends the technicalities of producing on fine bone china and uses

a reactive brush glaze application that has never been seen on a pure, translucent material.

Featuring a hand-applied brushed glaze that creates subtle differences in each piece, the reactive pigments in combination with the richly coloured glaze create a textured interplay of materials to deliver a tactile and silky sheen on the surface.

A twenty item range, offered in three dramatic colourways; Ocean Whisper, Classic Vanilla and Almost Midnight, is a stylish and contemporary new range meeting consumers' aspirations for functional and highly desirable quality luxury casual tableware for everyday use.
